THE WINTER CONFERENCE

The one-day winter conference of the British Agricultural History Society was held at the Department of Geography, University College, London, on Saturday, 27 November 1971. The theme of the conference was 'The European Common Agricultural Policy—History and Problems'. This subject was introduced by Mr Michael Tracy (head of the agricultural policies division of O.E.C.D. in Paris) with a paper on 'The Evolution of Agricultural Policies in Europe'. He was followed by Mr Ray Rickard (an agricultural economist from Exeter University) with 'The Common Agricultural Policy and British Agriculture: an Assessment'. In the afternoon a lively discussion took place with the speakers acting as a panel and being joined by Mr W. G. F. van Oosten, the Netherlands Agricultural Attaché, and Mr Moguns Munck, the Danish Agricultural Councillor. These two speakers were able to illuminate many of the problems of European agricultural development from their special knowledge.
